

LOWER KEY STAGE 2 WORKING TOGETHER MEETING

17-09-25

For where two or three meet in my
name, I shall be there with them.
Matthew 18: 20

Let us pray ...

Dear Lord,

We come before you today with grateful hearts,
thankful for the precious gift of our children.

We ask that you watch over and protect them, and
guide them as they grow and navigate this world.

May they come to know and love you, and may they
always feel your presence in their lives.

Amen

Maths

- x In Lower Key Stage 2, there is great emphasis on the children's grasp of the times tables.
- x The fluent recall of the multiplication tables supports maths learning and understanding – multiplication tables are building blocks to further maths learning.
- x In the Summer Term of Year 4 (in June), the children will participate in a Multiplication Time Tables Check.
- x The purpose of the check is to determine whether your child can fluently recall their times tables up to 12, which is essential for future success in maths.

Maths

- ❖ As a school, we therefore provide plenty of opportunities for the children to practise their times tables.
- ❖ We subscribe to TTRS (Times Tables Rock Stars), a carefully sequenced programme of times tables practice.

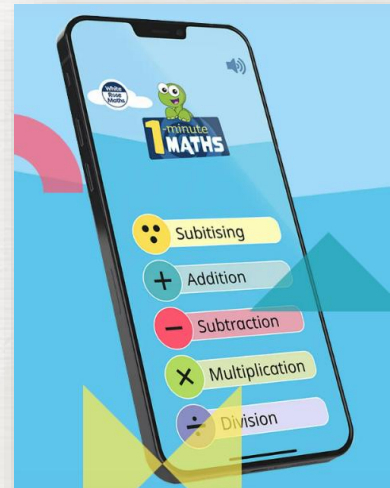

- ❖ We also encourage further practice through the website:
<https://www.timestables.co.uk/multiplication-tables-check/>

Maths

- ❖ Further opportunities for maths fluency can be accessed through the app – 1-Minute Maths by White Rose Maths.
- ❖ This is a free app that helps practice skills in addition, subtraction, multiplication and division, helping the children to build greater number confidence and fluency.

English

- ❖ At OLC, we use the Literary Curriculum which engages the children in high quality books.
- ❖ These texts offer opportunities for empathy and enquiry, where children see their cultures, families and relationships reflected, as a means of developing the spoken language through debate, drama and discussion, using the issues raised through, and within, the texts.
- ❖ As a result, we aim for our writing opportunities to be meaningful and to feel authentic - children have real reasons to write, whether to explain, persuade, inform or instruct.
- ❖ Writing in role using a range of genres is key to our approach and we would always model the tone and level of formality.

English

- ❖ At Our Lady of Compassion School, we are passionate about ensuring all children have great opportunities become confident and enthusiastic readers and writers.
- ❖ We believe that this is important in supporting the children to be able to independently access their learning, to move from learning to read, to reading to learn.
- ❖ Our reading journey strives to establish readers who are competent in both word reading and comprehension.
- ❖ Once the children have cracked the phonics code, become established and fluent readers (for the vast majority, by the end of Year 2), they move on to independent reading which is a critical part of children's learning and growth, where children further enhance and embed the pleasure and power of reading.

English

- ❖ The children are usually given two books – one to read independently and one to engage in shared reading with their parents.
- ❖ Children will continue to be heard read regularly in class to ascertain their progress.
- ❖ Children have the opportunity to access books from the class libraries or the LKS2 Reading Corner – these are areas that we have established to further instill and enhance the children's love of reading.
- ❖ Spelling and grammar are a priority in our school this year.
